REQUEST FOR PROPOSALS No. 19-077

Stone Lake Drive Community Park – Natural Play Space Project Design-Build

ADDENDUM #1 ISSUED: November 25, 2019

QUESTIONS & ANSWERS

Question 1)
Is an engineer or architect stamp of the playground design required?

Answer 1)
No. The intent is for the play pieces to be installed to the manufacturer's specifications (or by the manufacturer depending on their approach) and then for the Contractor to arrange for an independent assessment of the completed project by a certified playground installer.
