Question #1
BC Ferries does not allow cargo wider than 3.96m, which is 12 ft, the building is 12 feet, but with the overhang on all sides it will exceed this restriction.

We do have other means of barging the unit but will be more expensive. Any suggestions?

Response #1
The RDN is aware that delivery by barge will be required due to the size of the prefabricated building. It is the responsibility of the successful bidder to coordinate delivery of the building to Descanso Bay Regional Park on Gabriola Island.
