REGARDING THE FIXTURES AT THE END OF OAR ROAD

The benches, signs, concrete barriers, rocks, and driftwood must be removed and set aside by the *Contractor* and replaced in their original position at the completion of work. The *Contractor* shall protect the fixtures and must make good any damage incurred to the fixtures.

REGARDING STORING EQUIPMENT OVERNIGHT ON THE BEACH

Storing equipment overnight on the beach is not allowed. Additionally, fuelling must be completed at least 15 m away from waterbodies, per the CEMP, and therefore, cannot be completed at any location on the beach.
